Subject: RE: Area 40 Remedy discussion

Hi, Chris—I left you a voicemail also but updating the group...

- Dan will plan to call in for the A40 HHRA discussion 5/31 from 1-3
- Liv and I will plan to be at Aerojet on 5/31 for a site walk of C29/C41 and the A40 HHRA discussion
- Both Tom and I are available 6/08 and 6/09 for more A40 discussions but not before that. I think the RAP kickoff on 6/08 should be moved later, or have the remedy discussion instead that day. EPA needs more time to digest the data in order to make the meeting more productive. My focus before A40 remedy and A40 RAP is the VI investigation close out for the winter round, the A40 HHRA, and C29/C41 VI.

Thanks and have a good weekend,
Lynn

Hi Everyone - USEPA contractor is not available on 31st to discuss Area 40 remedy. We are working to identify another day between May 29 and June 7 for that discussion. We will keep the May 31 meeting and discuss the following topics, which do not require EPA contractor participation:

Area 40 HHRA - EPA review and next steps - Please invite Dan
GSU comments on Area 40 - Please invite reviewer
Results of C29 and C41 soil gas sampling
Vapor Mitigation LUCs signatures
Status of EPA and State oversight agreement

Thanks! Chris
